HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Back-ache or have Bladder trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked and the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

A Remedy For All Pain

"The efficiency of any drug" says Dr. C. P. Robbins, "is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we certainly are warranted in its use. One of the principal symptoms of all diseases is pain, and this is what the patient most often applies to us for, i. e. something to relieve his pain. If we can arrest this promptly, the patient is most liable to trust in us for the other remedies which will effect a permanent cure. One remedy which I have used largely in my practice is Anti-kamnia Tablets. Many and varied are their uses. I have put them to the test on many occasions, and have never been disappointed. I found them especially valuable for headaches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine. Anti-kamnia Tablets are also excellent for the headaches from improper digestion; also for headaches of a neuralgic origin, and especially for women subject to pains at certain times. Two Anti-kamnia Tablets give prompt relief, and in a short time the patient is able to go about as usual." These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also guaranteed for headaches, neuralgia and all pains.

When you do business with us, we use DAY LAXATIVE METHOD. You know just what my fee is going to be before you begin treatment, and if you wish you can arrange to pay it in installments. In this way we differ from other doctors; with them you never know what their fee is until they render their bill. Why should you allow your doctor to take advantage of you in this way?

Your Decision in Selecting a Doctor May Mean Your Future Health and Happiness

So, why not select one who has a modern equipped office and who, by long years of study and practice is thoroughly qualified to successfully combat with diseases of his specialty that has not been neglected or mis-treated by the incompetent until it has become incurable? Why not try a DIFFERENT DOCTOR, one whom you will find dependable and at fees within reach of all?

—VARICOCELE—
—HYDROCELE—

Impair vitality. We daily demonstrate that Varicocele and Hydrocele can be cured, in nearly all cases, by one treatment, in such a satisfactory way that the vital parts are preserved and strengthened, pain ceases, swelling subsides, and healthy circulation is rapidly re-established, instead of the depressing influence.

We cure and save hundreds of young men yearly from these two vile diseases. Why not let us cure you?

—PRIVATE—
—CONTRACTED—
—DISEASES—

Are the most widespread diseases among the male population and are doing more harm to the race than tuberculosis or cancer. Eighty per cent of the male population between the age of 18 and 30 contract one or both of these diseases. These diseases may be infectious long, and after all visible symptoms have disappeared. They are responsible for one-third of all blindness, cause three-fourths of all abdominal operations in women and are the principal cause of race suicide. Causes nearly all stricture and 75 per cent of prostatic diseases. Yet from ignorance of the terrible character of these diseases it is not uncommon to hear young men laughingly boast as if having them were something to be proud of.

—SPECIFIC—
—BLOOD POISON—

Are you afflicted, mortified, demoralized, discouraged, tortured and in danger from this awful life-destroying poison in your blood? You are if you have these symptoms: Eruptions, Sores, Ulcers, Sores, Mouth or Throat, Swollen Glands, Mucous Patches, Hair of Eyebrows falling out, Skin Blotches, Copper-Colored Spots, Rheumatic Pains, Aching in Bones or Joints, Eczema, Itching, Burning, Nervousness.

Our treatment removes the above symptoms in one to ten days, so you nor any one would ever know you ever had the trouble.

If You Are Suffering From Some Obs
